

2014

Shepley Bulfinch Summer Design Fellowship

Overview

As Shepley Bulfinch's Summer Design Fellow, you will have real-world architectural design experience and the opportunity to make an impact in a short period of time. When you join our design community, we'll expect you to engage and contribute at a high level, taking part in a range of projects and pursuing your own initiatives.

As the 2014 Fellow you'll work in our Boston office during any continuous ten-week period between June and August 2014. You'll get a \$7,500 stipend and a \$3,000 honorarium on successful completion of the Fellowship. The Fellowship is open to all students who are, at date of submission, enrolled in an NAAB-accredited B.Arch or M.Arch degree program, or who are architecture majors in the final year of an undergraduate program.

Application Requirements

Central to your application is a response to the following: You're having breakfast and hear a loud buzzing sound. What's going on? Format your response on an 8"x8" pdf. Submit this, together with a resume and up to five 8.5" x 11" PDFs of portfolio projects, to: fellowship@shepleybulfinch.com.

Non-US citizens will need proof of a valid work permit from US Citizenship & Immigration Services.
